Hoover Would Limit Tariff Bill to "Adequate Protection"

HOME TOWN STUFF

The new paper money is in circulation. The notes of the latest issue are about a third smaller than the old notes, which will make for convenience in handling and carrying. This is a matter, however, that hasn't worried the average man very much. Most of us have been willing to worry along with the more bulky currency, if only we could manage to get hold of it. The new money is similar in design to the old money. About the only change is one of size, but it will buy as much as the old and will not be any easier to obtain.

This subject calls to mind that nowadays one rarely sees a silver dollar in circulation. The more convenient paper money is the rule in denominations of one dollar and upwards. This shows the tendency of the times. It has been only a few years since paper money, below the five-dollar denomination, was looked upon as a Yankee trick. Democrats preferred silver dollar coins, so they could rattle them when they wanted to impress somebody with their standing in the financial world.

The newspapers tell us that Governor Moody will call a fourth special session of the Legislature to meet in January for the purpose of acting on the prison re-locating report and to pass a bill regulating public utilities. If this fourth session is called it will mean that the present Legislature will have spent six months in the various sessions. The Governor is wise in one point, however. He is waiting until after the football season is over to call the fourth session.

Next Tuesday is the date set for the special election in Texas to pass on two proposed constitutional amendments. Both ought to be adopted. One proposes an increase in the membership of the Supreme Court from three to nine members. We already have the six extra judges working at Austin as a commission of appeals. So the adoption of this amendment means no additional cost to the taxpayers and will mean that these six extra judges will be elected by the people instead of being appointed by the Governor. As members of the commission of appeals, they are appointed. As members of the Supreme Court they will be elected by vote of the people.

The other amendment proposes an increase in the salary of the Governor from the present ridiculous level of \$4,000 a year to \$10,000. Under the present arrangement a Governor of Texas must do one of three things—live out of his own money to pay campaign and living expenses, borrow from friends or be dishonest. Any one of these should not be necessary. It isn't fair to ask a Governor to make a serious financial sacrifice, even if he is able to pay his own campaign and living expenses. Borrowing from friends places a Governor in an embarrassing position. These friends may have an interest in legislation and it isn't fair to place a Governor in position where he must face the embarrassment of acting on legislation in which his benefactors are interested. We are much more likely to get the best service from our Governors if we raise the salary to a decent figure. Besides that, H. T. wants it fixed so a newspaper man can afford to run for the office. Newspaper men are very able but they don't usually have much money. They nearly always quit when they make money, because newspapering is hard work.

BRITISH GIVE UP EFFORT TO SALVAGE SUB

All Missing Men Thought to Have Perished Almost Immediately After Vessel Sank—Great Depth Prevents Raising Activities.

London, July 11.—(P)—The admiralty has decided to abandon all further operations for salvaging the sunken submarine H-47. Announcement of this was supplemented by the statement that this decision had been reached after full consideration of the location of the lost warcraft and the difficulties in attempting to salvage it.

The admiralty statement says the facts which guided it in reaching this decision were the certainty that all the missing men perished almost immediately after the vessel sank, and that the great depth of water, risk from tides and weather would render salvage—even if an ultimate possibility—a task involving the divers and others in great and continual danger.

Manufacturers to Accept Auto Tariff Reduction

Washington, July 11.—(AP)—Alvan MacCawley, president of the National Automobile Chamber of Commerce and the Packard Motor Company, said a Senate finance sub-committee today that most automobile manufacturers were willing for the tariff on passenger cars to be reduced from 55 to 10 per cent on condition that countervailing provisions are retained.

MacCawley was one of a group of automobile magnates called by Chairman Reed of the sub-committee to give their views on the feasibility of lowering the motor vehicle tariff. He said the manufacturers were unwilling to accept a reduction in the duty on trucks and busses, now dutiable the same as passenger cars, because this was not a "mass production" industry to the same extent and consequently the have not the same advantage in competition.

The countervailing clause which he would have retained provides that the United States may levy a duty to equal any rate levied against American cars and trucks exceeding the American tariff, but not exceeding 50 per cent.

Wharton Sulphur Property Values Under Discussion

Wharton, Texas, July 11.—(AP)—Taking of testimony in the hearing here on the valuation of sulphur properties in Wharton County continued today.

A citizens committee is attempting to raise the values placed on the properties by owners for taxing purposes.

An affidavit by Dr. W. O. Hutchins, Madison, Wis., one of the independent engineers selected to estimate the percentage of recoverable commercial sulphur in Bolling Dome of Wharton and Fort Bend counties, was read into the records.

Dr. Hutchins placed his estimates at 48,740,528 long tons in Wharton County and 41,338 long tons in Fort Bend County.

After the introduction of Dr. Hutchins' affidavit the records of the Pierce estate were called for and J. F. Hutchins, manager, was placed on the stand and questioned by P. F. Montgomery, attorney for the Texas Gulf Sulphur Company, relative to land values. Hutchins testified the estate produced a net earning of \$144,000 in 1927.

The introduction of this testimony was looked upon as an effort by the sulphur company, whose valuation the citizens committee wants changed from \$4,000,000 to \$10,000,000, to show that land values are discriminatory in Wharton County and giving grounds for carry the case to higher courts should the commissioners' rule against the company in the present hearing.

GRAIN

Chicago.

Chicago, July 11.—(AP)—With many traders inclined to regard bullish aspects of government crop reports as having been discounted beforehand, wheat prices suffered a sharp break today. Light rains in drought districts northwest and hedging pressure from the southwest tended also to give an advantage to the selling side.

Opening 3-4 off, to 3-4 up, wheat later developed a pronounced downward trend. Corn and oats weakened also, with corn starting unchanged to 1c higher, and subsequently undergirding a general setback. Provisions held firm.

Purl Unable to Eliminate House Traveling Lists

After the lawmakers had refused to vote slabs in the insurance, health, comptroller, labor and water departments, Purl withdrew amendments which would have affected all state departments similarly.

Representative John Wallace, chairman of the appropriations committee, resisted Purl's attempts to pass the amounts.

A slight reduction was made in the banking department at the request of Representative Wallace, but when the morning's business had been concluded, there was practically no change in the total amount of the bill, representing an appropriation of \$11,547,544.

Progress of the Senate on its departmental bill was checked by a floor debate between Senators A. J. Wirtz of Saginaw and Tom Love of Dallas over an attempt of Senator Love to print in the journal his reasons for furthering a resolution congratulating Congressman Borah on a recent attack on John J. Raskob, Democratic national finance chairman.

Senator Wirtz said he was "tired of the Dallas Senator trying to tell Democrats how to run their party."

George Town, Texas, July 11.—(AP)—A mandate restraining the warden of the penitentiary from executing H. J. Leahy early tomorrow was issued here today by Judge Henry Dulan.

The mandate was ordered after a writ of habeas corpus had been filed. The procedure was based on an affidavit of Miss Amanda Davidson of Taylor, an acquaintance of Leahy, who stated that in her opinion the condemned man was insane.

Leahy was convicted in district court here in February, 1928, on a charge of murdering Dr. J. A. Ramsey, Matthis, Texas physician.

Informed of Death.

News of the death of George W. Barker, 37, a resident of Vernon 15 years ago, on June 26, was received by friends here today. He had been in ill health for about two years suffering from rheumatism. He is survived by his father and step-mother, a brother, Oscar, of Memphis, and two sisters, Mrs. C. N. Brewer of Memphis and Mrs. J. U. Shepherd of Banquet.

CLARA BOW TO WED RICHMAN

MARRIAGE OF IT GIRL OF SCREEN TO TAKE PLACE WITHIN MONTH

Los Angeles, July 11.—(AP)—Clara Bow, referred to as the "it" girl of the screen, is engaged to wed Harry Richman, musical comedy actor and night club proprietor of New York.

The marriage probably will take place within a month, pending completion of pictures which Miss Bow and Richman are making here.

Richman broke the news of the engagement yesterday. Many times reported engaged since the beginning of her film career, Miss Bow has had occasion to deny such reports, but this one she confirmed.

"As soon as we complete our respective pictures," said the actress, "we are going to be married."

The romance, which began when the actress was on a vacation in New York several months ago, was renewed when Richman arrived in Hollywood recently to take part in his first talkie.

Richman began his career at a cafe near Los Angeles, later going to New York where he first met with success. He was married to Yvonne Stevenson in 1918 at Santa Ana, Cal., and divorced in 1922. Miss Bow never has been married.

Austin Woman Is Slain, Husband of Sister Arrested

Austin, July 11.—(AP)—A divorcee suit filed one week ago by Mrs. D. A. Bush, 47, against her husband, was held today by police to have caused the fatal shooting yesterday of Mrs. Bush's sister, Mrs. Otis White, and the serious wounding of the estranged woman. The shooting occurred at the Bush home.

D. A. Bush, claim agent and secretary of the local street railway company, was held without bond today on a charge of attempted murder in the wounding of his wife.

Beyond saying he "just had to do it," Bush refused to reveal any information to officers.

S. J. Lock, a neighbor, heard gunfire and rushed to the home to find the two women, but both had been wounded when he arrived.

Funeral services for Mrs. White will be held tomorrow.

BAPTISTS AND ALL-STARS TO PLAY PRACTICE GAME

The Baptist team of the Vernon Sunday School League will meet the Vernon all-stars, semi-professional team, in a practice game this afternoon on the City Park field. The game is scheduled to begin at 6 o'clock.

Manager Aubrey Foster had not decided on the Baptist lineup this morning, saying that he wished to try out several recent additions to his club. Edwards, a rookie pitcher, will begin the hurling attack for the Baptists, and Teel will catch. Goff may hurl for the All-Stars, and Green possibly will catch, although Manager Jordan did not officially announce his battery.

Chinese Consul Is in Hot Water Over Opium Row

Washington, July 11.—(AP)—A tangle of racial customs, differing national laws and international diplomatic usage today curtailed the immediate future of Ying Kao, suspended Chinese vice consul at San Francisco, and his wife, who is accused of having attempted to smuggle a large quantity of opium into the United States.

Ying Kao has been appointed by the former Peking Government. As a result of the finding of opium in the trunks brought into the United States by Mrs. Ying Kao, he has been suspended from all duties connected with the consulate, pending investigation by Minister C. C. Wu, representative in Washington of the new Nanking Government.

The minister's action followed receipt at the legation of numerous messages from Chinese in the United States and the dispatch by him of a preliminary report to Nanking. Among the Chinese demands for action against the former vice consul and his wife was the demand by the executive committee of the Kuomintang in America—the party which supports the present Chinese government—for trial of Mrs. Ying Kao under Chinese law, which may impose the death penalty in such cases.

THIRTEEN IN HOSPITAL AFTER RAILWAY WRECK

Rocky Mount, N. C., July 11.—(AP)—Thirteen of two score persons injured in the wreck twenty miles north of here yesterday of the Seminole Limited, fast Florida-New York train of the Atlantic Coast Line Railroad, were in the railroad's hospital here today. None was fatally injured. Five Pullman cars of the train slid down a six-foot embankment into a swamp. W. B. Darrow, superintendent of transportation, blamed the breaking of a truck for the accident.

Passengers were rescued by the crew and uninjured passengers who broke the glass in windows of the Pullmans and entered the cars.

OFFICERS NOT OUTSIDE THE LAW

"If there is any shooting to be done, you do it, but be sure you shoot first," was the admonition given Oklahoma peace officers by former Governor M. E. Trapp when they gathered in the annual associational convention this year. This statement permits of a wide range of interpretation and can be construed to encourage peace officers in indiscriminate shooting. Surely no law-abiding citizen would encourage such a tendency.

On the other hand, if wisely interpreted by those charged with the responsibility of enforcing the laws of the land, the statement offers sound advice. If an exchange of shots is inevitable of course every right-thinking individual must take sides with constituted authority, when that authority is being legally asserted, and if shooting is unavoidable expediency and self-protection demands that the officer shoot first. The problem then is to determine when shooting is unavoidable. This decision must be made by the individual officer in each instance. He cannot escape the responsibility, and for that reason no opportunity to improve the character and integrity of the enforcement forces should be overlooked. Problems that must be solved on the instant by officers of the law warrant careful selection of those who are to be clothed with authority.

At the same time that the officers were hearing the advice of the former Governor in Oklahoma, the citizens of that state were considerably agitated by the slaying of two men by Federal prohibition agents. Newspaper reports stated that after the killing officers failed to find the still for which they were searching on the property of the dead men, and one of the victims declared that the officers failed to identify themselves and that the raiders were taken for bandits. Obviously if these facts are true the position of the officers is hard to justify and no fair-minded person can condone such action on the part of officials.

This instance demonstrates one of the patent objections to employment of Federal officers for local law enforcement. Where officers are responsible to the people of the community in which they work and apply their authority, it is possible for the people to ascertain the facts rather clearly and act accordingly at the polls. This naturally tends to remove from positions of authority all those who abuse the privileges which go with elevation to office. This is not true of Federal enforcement, where the officer is not responsible to anyone except the Central government, where facts are not likely to make themselves known.

Officers who are forced to use their guns in discharging their duties merit the whole-hearted support of the people, but those who employ their positions to slay with impunity should be dealt with severely. There is no reason why any officer should not be required to stand trial in cases where the facts of a slaying in which he was involved do not clearly exonerate him.

MAKING AVIATION SAFE

The United States if not the entire world is highly interested today in the establishment of a new airplane endurance record. With more than 200 hours aloft to their credit, the California flyers had not landed at this writing and the limit to their flight seemed only a matter for conjecture. It is surprising how many flyers have been setting endurance records in recent weeks. It speaks well for the stage of perfection to

which airplane manufacturers have attained.

But the real advance in aviation nowadays is being made, not by the stunts — although their exploits have value as they created air-mindedness—but by the regular, unsensational, day-in-and-day-out achievements of the commercial pilots. These are the fellows the public must ride with when it takes to the air, and we may well keep our eyes on them despite the attraction that stunt flying may have.

A short time ago a newspaper reporter traveled from Los Angeles to New York by the air-rail hookup of the Transcontinental Air Transport and two railway systems. A bit of his story gives a graphic illustration of the extent to which planes have overcome the elements.

"Weather reports," he wrote, "told us there were storms between Winslow, Ariz., and Albuquerque. We took off anyway, but our two pilots talked with ground stations ahead and behind us by radio, and knew just where all the storms were. So we simply flew around them."

Bad weather has long been one of the great hazards confronting the aviator and has been one of the chief obstacles to commercial flying because it worked to prevent operation on schedules, essential to commerce. Now with the aid of an elaborate organization and miraculous development of recent years, aviation is triumphing over this impediment. After all, the stunt flyer is very little in advance of his more matter-of-fact contemporary upon whom the weight of advancement actually falls.

Opium Ring Looms as Inquiry Into Case Continues

San Francisco, July 11.—(AP)—Rumors of a purported international opium smuggling ring were being traced by government officials here today as they awaited instructions from Washington regarding Mrs. Susie Ying Kao, wife of the suspended Chinese vice-consul here, in whose baggage a fortune in opium was found last Monday.

Investigators announced "incriminating evidence" had been found in Mrs. Kao's personal baggage, opened after the opium had been found. It was said to have implicated "a high official" in the Chinese consulate here.

United States Attorney George J. Hatfield said only Mrs. Kao's quasi-diplomatic standing had prevented her arrest thus far. He said he expected instructions from the Department of Justice today on the case.

Investigators declared they had found "indisputable proof" of Mrs. Kao's culpability in her personal baggage. She had insisted she was unaware of the presence of opium in her trunk and that she had been made the dupe of smugglers.

Resentment against Mrs. Kao ran high in the nationalist circles of Chinatown. Chinese language newspapers printed an appeal for a mass meeting "to make amends for this insult offered the American people by one of our own race."

Match Ignites Oil-Covered River

When a match was tossed carelessly in the oil-covered river at Peoria, Ill., as Fourth of July boat races were being held, flames blazed up, catching Ray Derges and his boat, above, as it was being refueled. Derges, shown with a companion in the water, was put out of the race by the accident.

Bank Deposits Soar.

Plainview, Texas, July 11.—(AP)—Bank deposits in Plainview approximate five and one half million dollars for the first time in history. An immense acreage and good yield in wheat with a mending market, has made this a prosperous season.

Hale County farmers say. Tests have been running unusually high, wheat weighing as much as 65 pounds to the bushel being not infrequent. Only about 60 per cent of the crop has been sold, many farmers storing grain in the elevators.

Appropriations Hold Interest of Legislators

Austin, July 11.—(AP)—Appropriations bills providing for support of the state government during the next two years held the spotlight in both houses today as Legislators began their fourth day of active work during the session.

The Senate yesterday paired \$1,500,000 from its departmental measure which originally contained \$12,600,000 for support of the 32 departments of government.

Senator Tom Pollard, chairman of the finance committee declared that while a sweeping cut was accomplished, lawmakers would find it imperative to put back almost \$1,000,000 when free conference committees of the Senate and House discuss differences on the two bills.

The House moved slower in consideration of its department appropriations, but managed to eliminate an item of \$200,000 for purchase of land around the Alamo. The bill stood at \$11,547,744 when the day's work was finished.

Representative George C. Purl of Dallas prepared amendments which would top \$170,000 in traveling expenses from the bill.

ACTORS EQUITY GROUP SUSPEND FIVE MEMBERS

Hollywood, Calif., July 11.—(AP)—Suspension of five actors from the Actors' Equity Association and the reinstatement of two others was announced by Frank Gillmore, president, today. While no statement was made as to the cause of the suspensions, it was understood they resulted from making contracts with talking motion picture producers without sanction of the organization.

Those suspended were Tully Marshall, Anders Randolph, Raymond Hatton, Louise Dresser and Henry Otto. The action at a meeting of the association last night was interpreted to be the first move of Equity in its demand that producers accept only

contracts from paid-up members of Equity. Leading members of the industry here made a flat refusal of the demand, insisting open shop would continue.

LONG DISTANCE CROQUET PAIR REPORTED MISSING

Houston, July 11.—(AP)—Somewhere between League City and Houston two marathon mallets apparently have been "forced down."

The "ferny croquet cronies," G. C. Hart and L. K. Rose of Rule, Texas, left Galveston Saturday with the announced intention of walloping a croquet ball to "Old Broadway."

Since they left League City the "malleters" have not been spotted.

NINE YEAR BATTLE AGAINST COURT SENTENCE FAILS

Marshall, Texas, July 11.—(AP)—A nine-year battle to escape prison has ended for Stonewall Carlile, convicted of slaying John Lance of Atlanta, Texas, on September 1, 1920.

Carlile was twice convicted in Cass County, but obtained a reversal each time. Two trials were held in Harrison County on change of venue the first resulting in a mistrial and the latter, on April 18, 1927, resulting in conviction and assessment of a seven-year sentence. The conviction was upheld recently by a court of criminal appeals, and Carlile has been taken to Huntsville to start serving his sentence.

DEATH CLAIMS WILL T. COOK

FUNERAL SERVICES TO BE
HELD AT RESIDENCE
THIS AFTERNOON

Will T. Cook, 59, of Vernon, died Wednesday night at his home here after an illness of two months. Mr. Cook has been a resident of Wilbarger County for 20 years, coming here from Tennessee. He was born in Livingston, Tenn.

Funeral services will be conducted at the Cook home, 1528 Texas Street, at 3 o'clock this afternoon with Elder A. O. Colley, minister of the Church of Christ, in charge. Burial will be in charge of the Underwood Funeral Home.

Mr. Cook is survived by his widow, a daughter, Mrs. Frank Joseph of Vernon; his father, C. Cook of Vernon, and four brothers, C. E. Monroe, John, Deke, and a sister living in Arkansas, Mrs. Bud McCord.

Mr. Cook was a retired farmer and landowner. He has several farms in Wilbarger County. He moved to Vernon about 15 years ago and has lived here since that time.

THOUSAND REBELS IN JALISCO SURRENDER

Mexico City, July 11.—(P)—Reports to the War Department from the military commander of the State of Jalisco today said rebel bands in various parts of the state totalling 1,000 had surrendered to the Federals in the past few days.

Dispatches to Mexico City newspapers from Guadalajara said 150 rebels had attacked the town of Coahuila, Jalisco, and had been repulsed by the police and volunteers, leaving several dead and prisoners.

ACCIDENTAL SHOT FATAL TO MAN AT FORT WORTH

Fort Worth, July 11.—(P)—Floyd B. Taylor, Fort Worth, who accidentally shot himself yesterday at Rocky Falls, near Bridgeport, while on a fishing trip, died here today. Taylor was brought to the hospital late last night in a Bridgeport ambulance. A shotgun he was handling was accidentally discharged.

Suspended by Boxing Commission

The possibility of a heavyweight fight between Max Schmelling and Sharkey and some logical opponent to determine Gene Tunney's successor to the heavyweight crown appears less likely after the suspension of the German Dempsey by the New York Boxing Commission because of his refusal to meet Philis Scott August 27. The above picture shows Schmelling and the principal figures about his training camp while he was preparing for his recent bout.

MEXICO TO RAISE DUTY ON NUMBER OF IMPORTS

Galveston, July 10.—(P)—Increased duties on a wide variety of imports will be placed in effect by Mexico on August 1, according to advices received here today by Richard C. Long, district manager for the Department of Commerce.

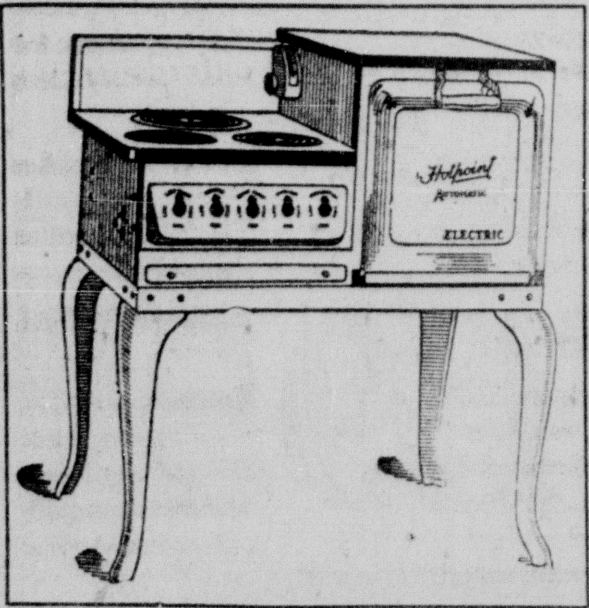

HOUSTON NEGRO SHOT TO DEATH BY DETECTIVE

Houston, July 11.—(P)—An unidentified negro was shot to death here early today by Detective Dave Turner. Turner and his partner, Hal Jamieson, said the negro tried to get away after they had stopped him. He grabbed Jamieson's pistol from its holster and struck the officer across the face with the barrel. Turner then fired once, and the negro fell.

FIELD VICTIM BURIED HERE

COLEMAN SERVICES HELD AT BAPTIST CHURCH THIS MORNING

Funeral services for James L. Coleman, 39, who was fatally injured Tuesday evening in the Rock Crossing oil field, were held this morning from the First Baptist Church. Dr. E. F. Lyon, pastor of the church, officiated at the services. Interment was made in East View Cemetery shortly after the services.

Pall bearers were Alvy Vessels, Babe Yokum, Jim Dinson, Mike Elkins, Noel Hays, and Howard Richies. Mr. Coleman sustained several injuries, including a fractured skull, when a drill stem fell on him late Tuesday while he was working in the Rock Crossing field. He was brought to a local hospital and an operation failed to save him. He died Tuesday night at 11:30, having never regained consciousness. The body was taken to the Frost & Dobbs funeral home and prepared for burial.

Surviving Mr. Coleman are his wife and infant son; his parents, Mr. and Mrs. B. F. Coleman, of Minnola; a brother, Henry Coleman, of Minnola; and a sister, Mrs. Mary Eudy, of Ranger. He has been making his home with the parents of his wife, Mr. and Mrs. H. E. Harper, at 1210 Texas Street. He was an employee of the McAneny and Whittikin Oil Company.

MISSING CROQUET PAIR FOUND STILL MAULING

Galveston, July 11.—(P)—The lost have been found and the croquet balls still are subject to punishment of "the crazy croquet cronies" who started a Galveston to New York croquet ball batting marathon last week. Houston was excited when it failed to see the group, but a letter from R. F. Walton, manager, who said as Houston didn't seem interested in the prospect of seeing a croquet ball battered through its streets, they "went around" the town.

The ball knockers were reported between Houston and Hempstead yesterday.

BANDITS ATTACK RANCH AND KILL MEXICO OWNER

Leon, Guanajuato, Mexico, July 11.—(P)—Bandits attacked the Arroyo Hondo hacienda in the Manuel Dobado district and killed the owner, Eladio Zaragoza, it was reported today.

Two doctors sent to treat Zaragoza's three young daughters, maltreated by the bandits, also were captured, stripped and lashed.

GLIMPSES OF HOT ACTION AT DENVER

A. A. U. records went skittering all over the place when these athletes put on their act during the recent championship tourney at Denver. The high jumper at the top is Bert Nelson of Butler, setting a new A. A. U. high jump record at 6 feet 4 7/8 inches. The pole vaulter is Harold McAtee of Michigan State, clearing the bar at 13 feet 4 3/4 inches, a new junior record. Richard Barber of the Los Angeles A. C. pictured above in the broad jump.

just missed a new mark by a fraction of an inch. He leaped 24 feet

1-2 inches. Jed Welsh of the Los Angeles A. C. is shown finishing the

120-yard-high hurdles in 14.9 a new junior championship record.

DOANS

Dewey Adair left Thursday for the North Plains, where he will work in the harvest.

Davis Armstrong, who was brought home Monday from a Vernon hospital, was returned Wednesday to the hospital. She is reported better.

Mr. and Mrs. Jim Adams of Lockett spent Sunday with Mr. and Mrs. R. A. Easton.

John Esters of Dallas spent Sunday with his niece, Mrs. R. A. Easton, and family.

Mrs. McGee and son, of Hess, Okla., spent Sunday with Mr. and Mrs. J. R. Harrison.

MEXICAN FLYER PRAISED FOR DARING IN BATTLE

Mexico City, July 11.—(P)—Although reports from most military zones where rebels had been operating for the last three years indicate peace has been restored, a telegram to the War Department from the commander at Colima, State of Colima, commended Col Robert Fierro, aviator, for his daring in a battle with insurgents at El Borbollon, near there, July 5.

The telegram said the rebel positions would have been virtually impregnable had it not been for Fierro and his squadron. Fierro personally led the aerial attack, almost touching tree tops as he strafed the in-

surgents. No mention was made in the telegram of casualties.

ROMANCE THAT CAUSED KILLING ENDS IN DIVORCE

Fort Worth, July 11.—(P)—A romance in which a killing figured has ended in a divorce suit.

Oliver Wallace, 25, shot and killed Stephen R. Graham, middle aged sewing machine salesman, on December 11, 1927. The quarrel between the two men grew out of Graham's alleged attentions to Miss Annie Flynn, who witnessed the killing. She and Wallace had been engaged for some time.

After the killing, she and Wallace were married. Judge Culver yesterday granted Mrs. Annie Wallace a divorce from Oliver Wallace. The petition alleged cruel treatment.

Wallace has never been tried on the murder charge.

SILVER SAID TO HAVE MADE SUICIDE ATTEMPT

Huntsville, Texas, July 11.—(P)—Bob Silver didn't suffer solitary confinement in the penitentiary last week for waving at a girl, according to E. F. Harrell, warden.

"Silver was placed in solitary confinement to allow his nerves to quiet after he attempted to commit suicide by jumping from the third floor of the prison hospital," Harrell said. "Two other convicts stopped him. He

has been released from solitary confinement and is back at his regular place in the prison laundry."

TEXAS STATE FLORISTS CONSIDER CANDIDATES

Galveston, Texas, July 11.—(P)—Candidates were considered today in the annual election of the convention of the Texas State Florists' Association.

San Antonio was announced as next year's convention city.

Albert Barber, executive secretary of the National Association, told delegates Texas florists and members of the florists' telegraph delivery association led other states in the average business volume and membership.

William Ormiston, Chicago, spoke on judicious advertising.

PEAK PASSED IN TEXAS GRAIN FLOOD ON MARKET

Dallas, July 11.—(P)—Wheat stored on the ground in many places in Texas was not injured, and the wheat movement by rail has passed its peak in a large part of Texas, according to a report given out by the office of R. C. Andrews, of Dallas district manager of the car service division of the American Railway Association.

Freight cars still are being sent to Texas, the report said, and the movement to Galveston and Houston is increasing daily.

THE FAMOUS

"Quality Merchandise for Less"

Safety at "70"—

and the

GOODYEAR DOUBLE EAGLE

WHAT if a tire should blow out? Do you ever think of this, when speeding?

When tires start to puncture, or treads become slippery, you will find it wiser either to hold down your speed or exchange your tires.

If you plan shortly to trade in your car, the new improved Goodyear Pathfinder Tread tires offer you the usual safety at a very marked saving.

The famous All-Weather Tread tires should, however, be selected if you expect to drive your car for some time to come. They are super-quality tires at standard prices.

But should you intend to add many thousands of miles to the speedometer on your present car, with much hard, fast driving—speeds up to 60—70—80 miles per hour, hour after hour, over roads as they come—

Weigh the advantages of GOODYEAR DOUBLE EAGLE TIRES.

The Goodyear DOUBLE EAGLE is the finest tire that the world's largest rubber company can build, unfettered by a cost limitation of any kind. Consequently it sells for more, but not for as much more as it would cost if any other company but Goodyear attempted to equal it.

It is intended to let you forget that your car has tires—in all probability you will never wear one out on your present car. Even the possibility of a puncture is remote.

It brings you a peace of mind, a feeling of security and a riding comfort, the value of which are beyond computation.

Yes, it means a safety which no other tire can equal.

Let us assist you to select the type of tire (Pathfinder, All-Weather or Double Eagle) which will most satisfactorily fit your particular needs.

Important Features of the "Goodyear Double Eagle"— the Tire of Tires

- 1 The finest, strongest, handsomest tire that money can buy.
- 2 The deep-cut, tractive All-Weather Tread is practically double-thick.
- 3 The toughest and longest-wearing rubber Goodyear has yet developed is in this tread.
- 4 The body of the tire is built extra-heavy of SUPERTWIST cord fabric, to a new oversize dimension both in cross-section and overall diameter.
- 5 More plies of this SUPERTWIST cord fabric; more rubber between the plies.
- 6 Heavy friction coating of rubber to protect the cords from moisture.
- 7 Special low temperature cure.
- 8 The finest materials, the finest construction, regardless of cost.

NATURE seldom gives the maximum of two good qualities to any animal, plant, mineral or any natural oil. Most motor oils are made from crude oil that has a paraffine base or another crude oil with a naphthene base. Both these crude oils have qualities peculiar to themselves. The chemists of the Gulf Refining Company chose the best paraffine and naphthene crude oils and after exhaustive research finally succeeded in perfecting a blend of the two, which is

CHRISTIANS SWAMP METHODISTS BY 11 TO 5 SCORE

TWO CLUBS NOW IN TIE FOR RUNNER-UP POST FOLLOWING SCORING SPREE WEDNESDAY

The League Standings:

TEAM	P.	W.	L.	Pct.
Presbyterians	4	3	1	.750
Methodists	4	2	2	.500
Christians	4	2	2	.500
Baptists	4	1	3	.250

An inspired Christian team ran rough shod over the Methodist diamondmen yesterday to chalk up a 11 to 5 victory at the City Park. Eight of the Christian runs came in the first inning.

The absence of a regular pitcher proved the downfall of the Methodists. J. K. Lankford, mainstay of the Methodist hurling staff, is recovering from a recent illness and was not able to work yesterday. Lewis, starting the game for the Christians, allowed seven batters to face him in the first inning before he was relieved by Carney. Gilbert Bourland was called in from left field to finish the game from the second frame.

Wilkins started the hurrying game for the Christians but Ross relieved him after the second.

Burgess drew a walk to start the game. Koonz was hit, and Currin singled. Shoemaker let two get by and crashed the next one for a triple, scoring Burgess. Koonz and Currin, Stiffler, were safe on Elliott's fumble, and Moore hit to the infield, scoring Shoemaker. A passed ball advanced Stiffler, and he scored on a wild throw. Buchanan fouled to Richards, and Dalmasso struck out. Wilkins doubled, scoring Moore. Wilkins scored on Koonz's single after Burgess had been hit. Carney came in for Lewis. Currin singled, scoring Burgess and Shoemaker walked. Stiffler singled, and Bourland threw Shoemaker out at second. The Methodists were held scoreless in their half, two players reaching first.

The Christians added two in the second. Moore was out. Bourland to Smith, and Buchanan singled. Dalmasso fanned, and Wilkins doubled, scoring Buchanan. Burgess was safe as Elliott fumbled, and Koonz singled, scoring Wilkins. Currin grounded to Elliott who threw Koonz out at second.

Again the Methodists were held in the second. Holloway flied to Stiffler, and Richards and Brock were out on a double play. Wilkins to Burgess to Dalmasso, after Richards had hit for the Methodists' first hit.

Bourland held the Christians to two hits and no runs in the third, and the encouraged Methodists reg-

Texas and East Start Battle in Tennis Campaign

Chicago, July 11.—(P)—Texas and the east today opened the battle for championships in the fifth annual United States intercollegiate tennis tournament on the Chicago town and country club courts.

The Texas-Eastern Association clash was the only one on today's program, with the Missouri Valley and Southern teams meeting tomorrow.

Texas was represented in the tournament by James Barr and James Quick, while Julius Seligson, former interscholastic titleholder, and Eugene McAuliffe of New York, were the Eastern threats.

The program called for two singles matches and one doubles engagement, with pairing to be made immediately before the opening of the tournament.

The attempted Methodist rally in the fifth as the shadows lengthened and covered the earth resulted in two runs. Lewis was safe on Wilkins' error. Carney doubled, and Smith singled, scoring Lewis and Carney. Bell struck out, and Holloway doubled, but Smith was caught at the plate when Richards bunted to Ross. Brock pepped out to Koonz, ending the game.

MEXICO BOXING MATCH SCHEDULED TOO LATE

Dallas, July 11.—(P)—A serious

drawback has developed in the plan to hold boxing matches just across the Rio Grande to circumvent the Texas anti-prize fight statute, according to the press agent for a program that was to have been held at Reynosa, Mexico, July 4.

The fights had been advertised extensively and the little border city was swarmed with people there for the purpose of witnessing it, says the publicity artist, but the promoters made the mistake of setting the hour at 8 p. m. That gave the fans entirely too long to celebrate, and by the time the gates opened only about 1 per cent of them found their way to the arena.

It was postponed to July 21, and 4 p. m., will be the starting hour.

Reports Cubs Are Cracking Given Discredit as Chicagoans Wallop Giants 3 to 2 at Polo Grounds

(By The Associated Press)

Reports the Cubs were cracking seem to have been exaggerated. Fresh from two larrupings by the Braves in three games, the Chicago contenders stepped into the Polo Grounds yesterday and cracked curves and fast ones up against the walls with such abandon the Giant outer-patrol ran itself dizzy. The Bruins won the opener of the five-game series, 6 to 2, but it seemed like an arish mile.

Turned back in the first assault, the Giants faced the necessity of winning all four of the remaining games if they were to displace the Cubs in second position in this series. A double-header was on the card beneath Googan's Bluff today, with single games scheduled for tomorrow and Saturday. Meanwhile the Pirates will be gambling in Baker Bowl with the Phillies, whom they defeated yesterday by 15 to 9 in a home run orgy.

The Buccaneers now lead Chicago by one and one-half games, and the chances for either the Giants or the Cubs to gain in the immediate future are slim. The four remaining Cub-Giant games at the Polo Grounds are likely to be divided evenly, and the Phillies are poor hands to depend upon to stop a team like the Pirates under the circumstances.

William Watson Clark outpitched Jess Haines and Fred Frankhouse to enable Brooklyn to win the opener of this series against the Cardinals, 9 to 6. This victory again pulled the Robins within three games of the sagging champions and the first division.

The Reds punched the Braves by 10 to 2 at Boston in the opening of Jack Hendrick's personal campaign to escape from the cellar.

The day's maneuvers in the American League were disappointing to all three contenders. Alphonse Thomas defeated the Yankees for the second time in his major league career. The score was 6 to 3.

The Athletics started with a rush, winning the opener at St. Louis by 4 to 1 when Howard Ehnke turned in a two-hit game against Sammy Gray, but the Browns got even in the nightcap. George Walberg and Eddie Rengel failed to hold Howie's boys, and the home team won by 7 to 5.

The day's campaign added a technical half-game to the Mackian lead, which now is eight games. The Yanks are only one and one half contests ahead of the Browns.

Cleveland rallied sharply to defeat Washington by 9 to 7, climbing one notch above the 500 mark. Marty McManis hit another home run with the bases filled, and the Tigers defeated the Red Sox by just that margin, 10 to 6.

ITALIAN HOSPITALITY OPENS WIDE ARMS TO TWO AMERICAN AVIATORS AFTER LONG FLIGHT

Rome, July 11.—(AP)—Italian hospitality opened wide its arms today to two American aviators, Roger Williams and Captain Lewis A. Yancey, who landed at Littorio airfield at 9:30 p. m. (3:30 p. m. E. S. T.) yesterday from Santander, Spain, completing a trans-Atlantic flight from Old Orchard, Me.

Weak, Dizzy Spells Yield to Orgatone

Wichita Falls Woman Recommends New Bile Treatment as a System Builder.

Failure to regard the warning of debility sometimes means months of misery that might have been spared had the proper remedy been taken in time. Anemia, or thin blood, is a very common disease which manifests itself in many ways and if permitted to progress unchecked may result seriously. Stomach trouble, exhaustion, sleeplessness, palpitation of the heart and pallor of the skin are among the evidences of this disease.

A remedy that builds up and enriches the blood will carry strength to every part of the body and improve the general health. This is demonstrated by the experience of Mrs. O. L. Taylor, residing on rural route 3, Wichita Falls, Texas, who says:

"I was in an anemic condition and suffered from sick headaches. My nerves were so upset I couldn't sleep well. My appetite was poor and what I ate didn't seem to strengthen me. I was so weak that I became dizzy at times and also had sudden cramps in my stomach that seemed to double me up."

"I read what Orgatone had done for others right here in Wichita Falls and went to Allison's and bought a bottle. The treatment brought almost immediate benefit and I continued taking the remedy until I had regained my strength. My appetite improved almost at once and gradually the headaches and dizzy spells disappeared. I sleep well now and feel better than I have for some time. I certainly can recommend Orgatone to anyone because I think it is a wonderful medicine."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Vernon exclusively by the Vernon Drug Company who are direct laboratory agents.

Your Credit is good at The DOLLAR DOWN FURNITURE COMPANY. New and used furniture bought and exchanged. Vernon's Great Credit House, 1405 Main St. Phone 571

has been arranged, but it was said at the American embassy and in official government quarters a flood of invitations and requests had appeared and needed sifting since it would be humanly impossible for the aviators to comply with all.

Italians regarded almost as notable as their flight the intense interest Premier Mussolini displayed in their feat. The Duce was kept waiting for two hours last evening at the airfield for the American plane to put in its appearance, but finally he had to leave ten minutes before it flew over the field.

As Williams and Yancey were taken to Rome they were conducted by General Italo Balbo, under secretary for aviation, to the Premier's villa at Toraia. Mussolini, acting as minister for aeronautics, greeted them there, kissing both on both cheeks, and congratulating them on their flight. He said he was sorry they had to land at Santander but assured them not to let that spoil their pleasure of the accomplishment.

Head winds over Southern France and the Mediterranean which sometimes slowed their progress to 25 to 35 miles an hour greatly lengthened their flight from Santander, and since they were sighted only once en route to Italy, even gave rise to fears for their safety.

Leaving Santander at 11:20 a. m., (5:20 a. m. E. S. T.) they took ten hours and ten minutes to traverse the 850 miles to Littorio Field. They were sighted soon after leaving Santander at Biarritz, and then faded from view until they were reported again at Civita Vecchia, 50 miles north of Rome.

It was fast getting dark at Littorio as the flyers landed. There were troops, police, and plain clothesmen everywhere, a small army having been provided to see to the personal safety of Premier Mussolini while he was there, but the crowd of several thousands, cheering frantically, surged past the lines to the plane as the pair crawled out of the cabin. Marquis de Pinedo, dean of Italian trans-Atlantic flyers, stepped up to greet the Americans, and the crowd, cheering wildly, picked them off the field; there General Balbo and Alexander Kirk, secretary for the American embassy, took charge of them.

After being driven to the Premier's villa they were taken to a hotel, where the American embassy had obtained a suite of three rooms with bed and food furniture for them. The chef had fixed an elaborate meal for the men, and despite the fact they said they were famished they did not sit down to it immediately.

Both aviators said they had no intention of attempting a flight back across the Atlantic to America, but said they would ship their plane back and probably attempt to earn the \$50,000 prize offered by Colonel D. W. Eastwood of Dallas for a flight with three jumps from Dallas to Hongkong. Prior to this they may make an air tour of nearby Italian centers, finally taking a steamship home.

CHINA-RUSSIA RAILWAY FEUD BREAKS AGAIN

Nearly Two Hundred Soviet Officials Arrested and Started for Border Under Guard—
Railway Russian Officials Dismissed.

Tokyo, July 11.—(P)—The long standing feud between northeastern China and Soviet Russia over control of the Manchurian unit of the Trans-Siberian Railway System has broken forth anew with what is regarded here as a definite Chinese move against the Russians.

the Harbin district, yesterday arrested 174 Soviet officials and employees of the Chinese eastern railway. Thirty-seven of the prisoners were started under guard for the Siberian border for deportation.

The dispatches interpreted the coup as having made a virtually unhealable breach between China and the Soviet. Chinese directors were appointed to replace the arrested Russians, the Chinese seizing every opportunity to undermine the Russian influence.

Among those arrested were the Russian vice-director of railways and the director of the trading commission. All Russian banking and trading operations in Harbin were closed. Managing Director Emschanov and other highest officials among the Russians still were free but threatened with arrest.

After 174 Hours in the Air

When Pilots Byron K. Newcomb and R. L. Mitchell landed their plane, "City of Cleveland," at the Cleveland, O., airport after establishing a new world refueling endurance record by remaining aloft 174 hours 59 seconds, their wives were the first to greet them in the crowd of 75,000 that thronged the airport. Here are the haggard and sleepy pilots and their wives, together for the first time in seven days. Left to right are Eddie Stinson, builder of the record-breaking plane; Mr. and Mrs. Newcomb, and Mr. and Mrs. Mitchell. The Cleveland flyers broke this record of slightly more than 172 hours, recently established at Fort Worth, Texas.

sale arrests in Harbin and other stations on the road.

Chinese police headquarters issued a communique in which it was stated the raid May 27, on the Russian consulate general at Harbi had uncovered evidence that Russian unions and other Soviet agencies in northern Manchuria were spreading concerted Communist propaganda aimed at disruption of Chinese unity.

Gentlemen of the Press Opens at the Vernon Today

Last season on Broadway there appeared a play called "Gentlemen of the Press," from the pen of Ward Morehouse, well-known New York newspaperman. Into his play, culled from long years of experience in the realm of printer's ink, Morehouse wove a penetrating, humorous and often touching story, typical of newspaper life as it really is lived in the bustle and confusion of the "city room". The critics and all those who had ever stepped inside of a newspaper office immediately recognized the authenticity of the atmosphere and the type man that composed its personnel. Moreover, Morehouse never

lost track of one dominant fact, and that is that newspapermen and the life they live is a fascinating subject; one that for sheer intensity and drama, offers exceptional entertainment possibilities for the theatre. This theme, superbly handled, was enthusiastically received by New York audiences who were quick to sense the dramatic effect created by the author.

And now, Paramount has produced this play as an all-talking picture, with Walter Huston, the well-known American actor, in the leading role. Mr. Huston, it will be remembered, created the title role in the original stage production of "The Barker," and more recently was seen in "Elmer the Great," based on the Ring Lardner stories, "You Know Me, Al." Playing his first role in moving pictures, Huston brings to the screen the same insight into character interpretation that has distinguished his performances behind the footlights. As the hardened, kindly, over-worked newspaperman who tries time and time again to break away from the only life he has ever known; the only life that has ever meant anything to him, Huston gives one of the most intensely absorbing performances seen on the screen in many seasons. Here is drama of life with all its hopes and dreams, its bay humor and moments of deep despair; a story whose realism somehow gets under the skin.

A strong supporting cast includes the well-known Broadway comedian, Charles Ruggles, now playing in "Spring Is Here," with Katherine Francis and Betty Lawford. Both Miss Francis and Miss Lawford, while new to the movie public, contribute performances that are sure to win the praise of audiences everywhere. "Gentlemen of the Press," comes to the Vernon Theatre on Thursday, Friday and Saturday.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mr. James F. Campbell, of 1012 W. Fifth St., Little Rock, Ark., says: "I had bloating after eating. My rheumatism was so bad I could hardly raise my arms. Now I can eat anything and do a good day's work."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you.
